

Overarching standards

The recipient organisation and their partners must:

- ✓ Comply with relevant and best practice guidelines, codes and legislation relating to ethical research, including:
 - *Australian Code for the Responsible Conduct of Research (2018)*
 - *National Statement on Ethical Conduct in Human Research (2007 – updated 2018)*
 - *Guidelines for Ethical Research in Australian Indigenous Studies (2012)*
 - *Privacy and Data Protection Act 2014 (Vic)*
 - *Privacy Act 1988 (Cth)*
- ✓ Ensure that those conducting research are adequately trained and supervised
- ✓ Complete an ethics assessment for the research project, considering ethical implications and best practice guidelines
- ✓ Establish an appropriate governance structure, including a complaints mechanism
- ✓ Communicate any ethical issues clearly and in a timely way to all relevant stakeholders, including the Foundation
- ✓ Resolve any ethical concerns arising from the project with due respect and regard to all the interests in the project.
